

Blancco Pro

Blancco - Pro is a tailored data erasure solution for the server environment and RAID systems. Extensive server support guarantees high-speed, simultaneous data erasure of up to 16 hard disks of any size per computer server. Once the hard disk(s) are erased, the software automatically generates a detailed erasure report with hardware asset management information; Hardware Functionality Test as an add-on provides information about main memory, processor, motherboard, and hard drive S.M.A.R.T. test.

Security Technology

Blancco - Pro erases all existing data including Confidential, Secret and Top Secret security level data. It covers all recognized international standards.

Key Features

- Unlimited erasure for one PC/server (up to 16 ATA, IDE, SCSI, USB, SATA (also with RAID), Fibre Channel, FireWire hard drives of any size)
- Extensive server and RAID support
- Automatic XML reporting and data transmission
- USB/SCSI hot plug
- Erasure of locked/hidden sectors such as DCO, HPA and remapped sectors
- Bypass of operating system (e.g. Windows, Linux)
- Bypass of BIOS given hard disk parameters
- High-speed, simultaneous erasure
- Bad sector detection
- Automatic re-use features (reformatting into NTFS, FAT16 or FAT32)
- 14 international erasure standards such as
 - DoD 5220.22-M
 - Bruce Schneier's algorithm
- User-defined erasure pattern

Value-added benefits

- Multiple delivery options (ASP, PreInstall, Network, Media)
- Detailed hardware asset management report information (i.e. processor, memory, hard drive etc)
- Erasure of remapped sectors
- Windows OS and Office serial number detection
- Computer name detection (Windows registry)
- Reports saved in CSV format
- Reports saved on floppy disk, USB or HDD
- Multiple language and keyboard support
- User-tailored solution
- Hardware Functionality Test

System Requirements

- IBM compatible PC with 486DX processor or better
- More than 16 MB of RAM memory
- 1.44MB floppy- or CD-drive
- SVGA display for graphical user interface; otherwise text mode
- Mouse or keyboard
